- Dress shorts may be worn on designated occasions when set by leadership.
- The proper dress for men in the category of evening wear (after 5 p.m.) is a suit (NOT a sport coat and slacks). This also includes any event which may begin prior to 5 p.m. but will continue into the evening hours, unless otherwise designated by the leadership.
- The proper placement of the holy spirit dove for men (suit and sport coat) is centered directly in the middle (side to side) of left lapel and then proportioned from the top about ½" to ¾" below the buttonhole or where a buttonhole would be.
- The dress codes for other specific occasions are set by the leadership. If there is a question as to proper attire, it is better to dress "up" a notch.
