

July 1994

Dear Way Corps:

God bless you in the name of Jesus Christ.

Well, isn't it interesting that the only section of my last Corps letter which I took out when I was putting it through my scrutiny before sending it, was a section involving further confrontation and instruction on the "homo" devil-spirit categories. Isn't it intriguing that it's the category of spirit that's being flushed inside the so-called Corps household, even as I dictate! We have "exposed" several of our Corps "brethren" who have finally been smoked out as practicing homosexuals. Of course, the only reason this has been allowed to continue is that there are still too many of you who compromise on, and put up with, the homo logic in your thinking patterns. You are not adamantly passionate about the truth of God's Word--God's holy, magnificent Word--as it stands totally against homosexuality in any form or fashion. Your anemic thinking still gives access and functioning to others who practice it secretly. The reason they continue to practice it, and the reason some of you will again practice it, is that deep down in your heart and soul you really enjoyed being a fag... you really enjoyed whatever stimulation was given to you by your same-sex lover/manipulators. If at all possible, you would really like somehow to find something in the Bible, or something I say or another standing Corps grad says, that would justify your breaking down and again involving yourself in homosexual activity. I've seen it recently.

So-called "delivered" homos in the Corps and on the Staff seem to hang out with each other all the time. They play on the fringes or kick against the goads (or "pricks"). They're like a former alcoholic who, even if he can't allow himself to take a full drink again, at least likes to sniff it or hang around bars. They try to see how far they can take it to the edge. There is no doubt that in their minds and in the secret places of their souls and hearts, they continue to fantasize about homosexual "lovemaking" and fantasize about the same-sex body parts, as if that's the way God designed it to be thought about and considered. It's evil, and sin, and repugnant, and repulsive; and if you think any differently, then you are not Corps and your attitudes are giving place to this kind of functioning that is still in the leadership household... not to mention what must be going on in our Twigs and with some of our WOW families because of their spiritual youth and immaturity.

Tom McIlravy, 17th Corps, who has been entrusted over the years with Staff positions and with Twig Areas and with coordinating classes, has recently revealed himself as a practicing homosexual for many years. Despite all the clear teaching and adamant confrontation and honest help offered, he has continued to practice it faithfully and consistently; therefore I have recently declared to those directly involved and to the Staff and Corps here at

International that he is to be "abandoned." To deliver one over to Satan for the destruction of the flesh means that the household should have nothing to do with him. He has rejected the teaching and love and help of the household (even from his own wife) for years; therefore the only thing that would genuinely get his mind to a place of considering honest spiritual sobriety is to deliver him over to Satan for the destruction of the flesh, and that means complete abandonment by those of us who love God and His Word and The Way Ministry. Any attempt at a so-called sincere request for help at this stage from him would simply be the spirit lying through him. Remember, the homo spirits are adept liars, and their sincerity in asking for and acting like they want help is simply counterfeit. You have to be sharp and stand pure and clean in your mind before you could ever come close to recognizing it. You who continue to compromise in your thinking and justify any forms of homosexual behavior, and you who continue to fantasize about your past lives, desiring passionately that there be some way that you could be allowed to be homosexual again--you will never recognize the homo spirit in operation because basically your mind is a home for it. I taught recently here at Headquarters when we dismissed two people--one a Staff member and one a Corps person--that deep down in their heart they really wish they could be homo again; but because the Word is so clear in the household, that spirit won't quite push them that far. That is why I've recently told our people here at International that no longer can we function on Dr. Wierwille's older standard that he had told us Corps leadership years ago--that if we caught someone in the act, then it would be immediate dismissal...we can no longer wait for that kind of thing because the homo spirits in our midst are so subtle. Any GENUINE SPIRITUAL SUSPICION should be pursued by you who sense in your inner-man spirit of God that someone is playing with this spirit. They can always deny it and can do it so Biblically and spiritually and passionately that they would convince you. But if you are genuinely suspicious from a spiritual point of view...not thinking evil and faultfinding and that kind of stuff, as you should well understand...then you should confront that person or persons and flush it and bring it to light if there is weakness in their logic that's allowing that devil spirit from hell to function. Then report it to your immediate leadership so we see it through to proper conclusion. As I dictate this, we are finding more in the Corps and on Staff in that ilk and regard. I sent one man off the Corps yesterday for that very "toying" infatuation with the homo spirit which he continues to play with. He's just a bomb waiting to explode and ruin God's people's lives.

I'd like to say to you "closet" homosexuals in the Corps household that you'd better run, because you cannot hide! If I have to personally take on every Corps fellowship in this country and world to smoke this out, then I will. You will be exposed and embarrassed and flushed; so you might as well make up your mind to get out now. Even you who are genuinely convicted of your terrible behavior and finally and genuinely want help, you will probably still be dropped from the Corps household because you have lied to God and me and your Corps brothers and sisters for so many years to justify your insane thinking and sneaky behavior. However, that is not the end of the world if you genuinely want help...we could still allow you to be a part of Way Ministry fellowships, although not in the Corps household; and perhaps somewhere down the road you could do the Corps again and do it clean and proper and pure in your thinking.

Remember, the Word says that homos are the "lowest of the people," and that is certainly true. You female fags, called lesbians, might as well have dogs lick your slimy twats as another woman! You wimp-ass fag men who still think that somehow you have the right to take the grace of God in vain might as well be corn-holing horses with your dung-infested dicks! That's the way I feel about you and your thoughts and your repugnancy. You are an abomination to God and the household of The Way Corps and The Way Ministry. You are detestable and despicable and repugnant and worthy of death. You are so far beyond saltiness that you are the ultimate illustration of being worthless and not even fit for the dunghill. You are liars to God and His Word and a total disgrace to everything God did in Jesus Christ to bring the Corps training to you. I want these fag-ass, lily-livered, rump-ranger, butt-pirate, turd-burglar, pillow-biter slimeballs out of the Corps household! If you Corps on the field and in leadership responsibilities, starting with the clergy and our Limb coordinators, can't do it, then I will personally have to do it myself; but it will get done down to my last breath if that's what it takes! How dare you take the grace of God in vain, some of you, to think that you can continue to harbor homosexual fantasies and passions in your mind and soul. Do you think you're fooling God? Do you think you can keep fooling me? Eventually your thoughts will lead to your behavior, and have already. Some of us do walk by the spirit of God, and if you give us time we will smoke your sorry asses out and bring degradation to your lives so that you can't hurt anybody in The Way Ministry again. You should be thankful you're not in the Old Testament times, because there are some of us who would gladly execute you. I would rejoice at that privilege, as angry as I am spiritually about this right now. Embarrassment and ostracism from the Corps household is the least that we should do for you fantasizing, and practicing, homosexuals, to think you can take the grace of God in vain and defile God's call. Make no mistake about it, even though you have eternal life, you will answer for your sins and repugnancy at the judgment, to be dealt with according to what you've done in your life, whether good or bad as the Word of God says. Homo is bad and never good, and you who continue to justify your fantasizing and your behavior have nothing but the rudest of awakenings coming to you.

I remember years ago Dr. Wierwille saying that if David Craley had really taken a stand against homosexuality in his book, The Hope of Glory (In Search of the Light), we would not be having the rampant epidemic of homosexuality on the college campuses and in our country today. He went on to say that now it's here and we'd better learn to live with it, in the sense that our country is basically down the drain to it, which, of course, we've seen proven time after time. Obviously we cannot let the household of the believers be infested in any way, form, or logic by it; but the logic Dr. Wierwille shared at that time is certainly still true today. Unless you Corps really take a stand against it in your thinking, in the passion of your souls, and in your teaching and confrontation when necessary and appropriate, there will be no deliverance available for those sodomy people with homo spirits who come to The Way Ministry for help. They will take over your Twigs and families. Intellectual assent won't do it. If you don't adamantly and passionately believe what I'm saying to you about the depth of the Word against homosexuality, then people will no longer be able to come to our ministry and our classes and get deliverance because your weakness and your compromising don't allow the power of God to really move as it has to move to deliver people from this vulgar

and detestable sin that scars and harms so many parts of a person's mind and body.

I believe that we have to get much more vigilant and tougher and wiser on even people who have said they've been delivered from homo. I doubt if we should be letting them go WOW until they've proven for at least a year that they can keep themselves clean. I doubt that we should allow them in The Way Corps unless they've shown for several years that they can keep themselves clean. I even doubt that some of them should even be allowed to take Foundational Classes, because they're not there to get deliverance but just to see who they can jump. I'm all for people taking our classes who genuinely want help, but you certainly have to protect the Twigs. I'm sure that we shouldn't be allowing any of them to be Twig coordinators until they've proven themselves to stay clean, without any doubt or suspicion in the household, for at least a year's time after they finish the class.

In the Placement meetings last year, I added to the Five-Point Family Plan the sixth point, "Prepare and do what it takes to protect your mind and the lives of your children and families from the homosexual devil-spirit onslaughts that are coming." How can people be protected when their Way Corps leadership still compromise on it and allow it access in their minds? You who continue to do this may not yet be practicing homos, but you certainly are in the category of the "lowest of the people" from a mental and heart point of view.

You know, in the Old Testament some of those prophets had to speak some very straight and harsh things to try to wake Israel up. One category involved telling them their children would be raped and murdered or put into slavery and left for dead in the streets. Even that didn't get some of their attention. I feel the same way about you who succumb to the homo doctrines of devils... your children will be assaulted and attacked and taken over by these spirits if you don't finally make up your mind to draw the line. You can't fool the Devil, and unless you've really got the stamina and the guts to get pure and logical in your thinking, those spirits will come after your children and, indeed, are doing that. What kind of a man or woman are you if you allow this to happen?!

Remember, we are not given any permission or logic in the Word of God to forgive devil spirits! People are to be forgiven who truly desire forgiveness, who have honestly opened their heart to the Word of God, and who have gotten themselves back to the standard of truth because they want forgiveness.

I John 1:9:

If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness.

Ephesians 4:32:

And be ye kind one to another, tenderhearted, forgiving one another, even as God for Christ's sake hath forgiven you.

The standard of forgiveness is the way God in Christ forgives us! The only thing that gets us back in fellowship is a confession of broken fellowship. . . not participation in ministry functions or saying the right words, but an honest heart recognition that you are wrong; and on that basis the individual who shows his or her willingness to produce the proper fruit and walk the Word of God receives that forgiveness and encouragement in the household. We do not forgive devil spirits! We do not forgive people who are comfortable with them and who continue to provide a happy home for them so that they can wrack and ruin the fellowships.

It is truly amazing to me (and should be to you also) that, after the bold and honest and direct and logical confrontation of that whole homo field that I gave at the Rock of Ages last year in front of the whole ministry, we still have Corps who somehow justify it in their minds to play with it, and toy with it, and even do it. That is unmistakably a "conscience seared with a hot iron." There are no excuses, and any attempts at sincerity right now on some of their parts would simply be that spirit trying to fool you; so this is the next level of cleaning out of the household that we need to move on; and if you're not with me, then walk away.

This has to be the quickest way that a man's or woman's ministry could be shelved. . . in the truth of the matter that God would just cease to work within that individual and cease to bless decisions that he or she would make; not just by their being a homo, but by allowing it a place in their minds and logic that it could function and in some way be justifiable for a believer in the household. I couldn't think of a better reason to "can" the training of The Way Corps, either. This homo stuff is worse than a physical epidemic, as in the days when smallpox, scarlet fever, polio, and things of that nature would break out, and whole sectors of society would have to shut down to prevent the spread of it. I could think of nothing worse that would cause me to have to close the training of The Way Corps down than if the Corps grads in the household refuse to take an adamant stand against the devil-spirit realm. I could not possibly, with a fully persuaded heart, function as The Way Corps Director and endeavor to train leadership with this kind of hypocrisy and two-facedness going on in the very leadership body that I'm striving to build people toward. Obviously, the same goes for the WOW program.

I shouldn't have to quote all the scriptures at you to remind you of how adamantly God stands against this; so if that's your problem, then the Word doesn't dwell in you richly enough to be Way Corps either, and you are just a walking sieve looking for some spirit to fill your brain with illogic. If we ever make it to Corps Fellowship, it will be a sweet one. I'm not sure how many of us will be left, but it should be a joy to be a part of, if you Corps who really love God the way I do respond to this latest challenge to clean out the household.

Our country's president, as well as most of the so-called Christian leaders of our world, continue to make a haven for homosexual spirits to function and, indeed, take over. The Way Ministry household can be anything but a haven for the devil spirits from hell that turn people into the lowest of the low, called sodomites or homosexual. Our ministry has to be a "haven" and "spiritual oasis" for those who genuinely and authentically want deliverance and want

the purifying and cleansing power of God in their lives. This cannot ever be possible if there is contaminated logic and thinking and behavior in the leadership household of The Way Corps.

As I say, as of this dictation and writing we have flushed quite a few, and I'm sure there'll be more to follow; so either get on God's side or just spit in His face and walk the other way; but again, you fags, either "closet" or "practicing," are not going to function in this household; so you'd better run because you cannot hide.

At the very least, people who stupidly continue to be stumbling blocks to the minds of the pure and humble should be confronted even on that level. Don't be surprised if more surfaces when you act on your genuine "spiritual suspicion." These closet homos lie through their proverbial teeth and use scripture to rationalize their evil thoughts and practices.

Sincerely,
In Christ,

L. Craig Martindale

PS. Howard Allen said quite a thing to me by way of a note the other day, when he said that he never saw Dr. Wierwille work as hard as I do to keep the household clean. He's right. Thank God that Dr. Wierwille showed Don, Howard, and me how to do it and that we have the privilege to build on his wonderful legacy of believing; but make no mistake about it, no one has meant business in this category like we have, and we have some men and women who really back me up; so either get on or get scared to death and get out.
