Dear Bill:

God bless and greetings to you in the wonderful name of our living lord and savior, Jesus Christ.

The believers of the first century Church did talk with Jesus Christ. Similarly we can talk with Jesus Christ as well as God. I John 1 tells us we are to have fellowship with both of them as well as with each other. Our true worship is reserved for God alone, but our fellowship and communication is much broader.

Have a wonderful day living in God's love.

Faithfully,
In His service,

Victor-Paul Wierwille
